

Now that experience, confidence and wisdom are rightfully yours,
why not explore **Dr. Bob Penny's** *My Next Chapter*™

“I now have a plan and a process that addresses what’s important to me.”

Learn how to turn the prime of your life into the time of your life.

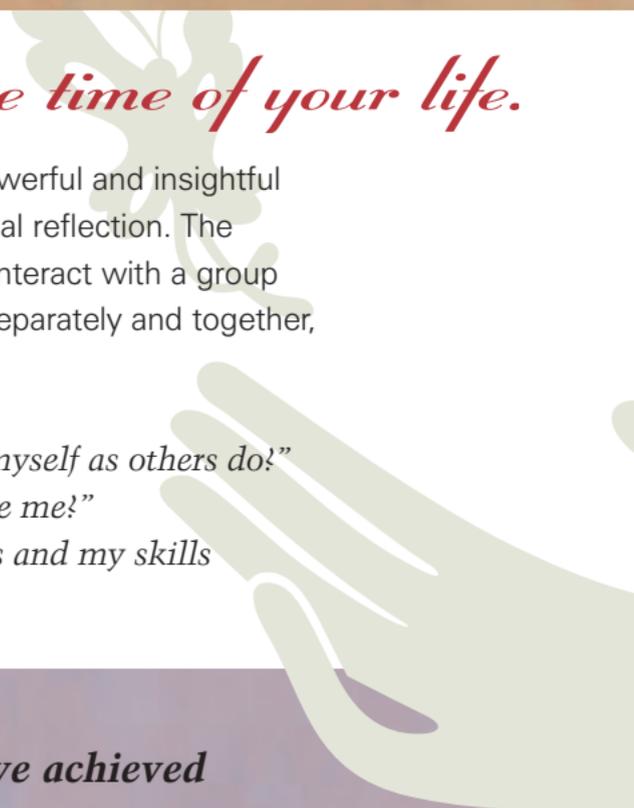

Until now the demands and responsibilities of life, work and family have kept you from taking time to “take stock.” What will you do with the rest of your life? How can you make it the best of your life?

Through this unique and dynamic process, you and other like-minded women will find the structure, the stimulation and the inspiration to write **“My Next Chapter.”**

The process spans two days and includes powerful and insightful exercises, small group discussion and personal reflection. The environment is supportive and safe. You will interact with a group of women who will quickly feel like friends. Separately and together, you will explore critical questions including:

- > “Who am I now?”
- > “How do others see me?” “Do I see myself as others do?”
- > “What are the life forces that energize me?”
- > “How do I bring my goals, my values and my skills into a meaningful plan?”

More than 70 percent of American women between 35 and 70 describe themselves as “searching for meaning.” Among women who have achieved the traditional measures of success, the percentage is even higher.

“It is refreshing and enlightening to learn the path is not actually dark and scary but a blank page in which I am able to write the script.”

Attend *My Next Chapter*TM
and make a day in your life become the
beginning of the **BEST** of your life.

Coffee with friends may bring issues to light, and self-help books may direct you in the search. But to answer the question **“What is my life’s work, still to be addressed?”** most of us need more.

The two-day *My Next Chapter* session includes all materials, a light breakfast and nutritional gourmet lunch each day. **The day 1 session begins at 8:30 a.m. and ends by 4:00 p.m.**
The day 2 session begins at 8:30 a.m. and ends by 2:00 p.m.

If you don’t know where you’re going, any road will get you there.

“I walked out fulfilled, batteries recharged, with a plan and the tools to implement it.”
